

Complexity of Accelerator Driven System

P. Singh

Bhabha Atomic Research Centre Mumbai-400 085

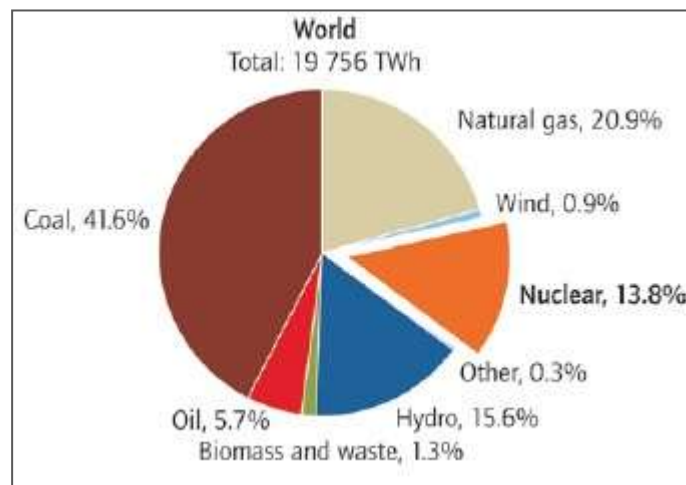

Email: psingh@barc.gov.in

Plan of the talk:

1. Introduction
2. Why is Accelerator Driven sub-critical reactor System (ADS) so important?
3. Issues with ADS
4. Summary & conclusions.

Indo-Japan Accelerator School, IUAC Feb 17, 2015

Facing the energy challenge

Electricity generation worldwide

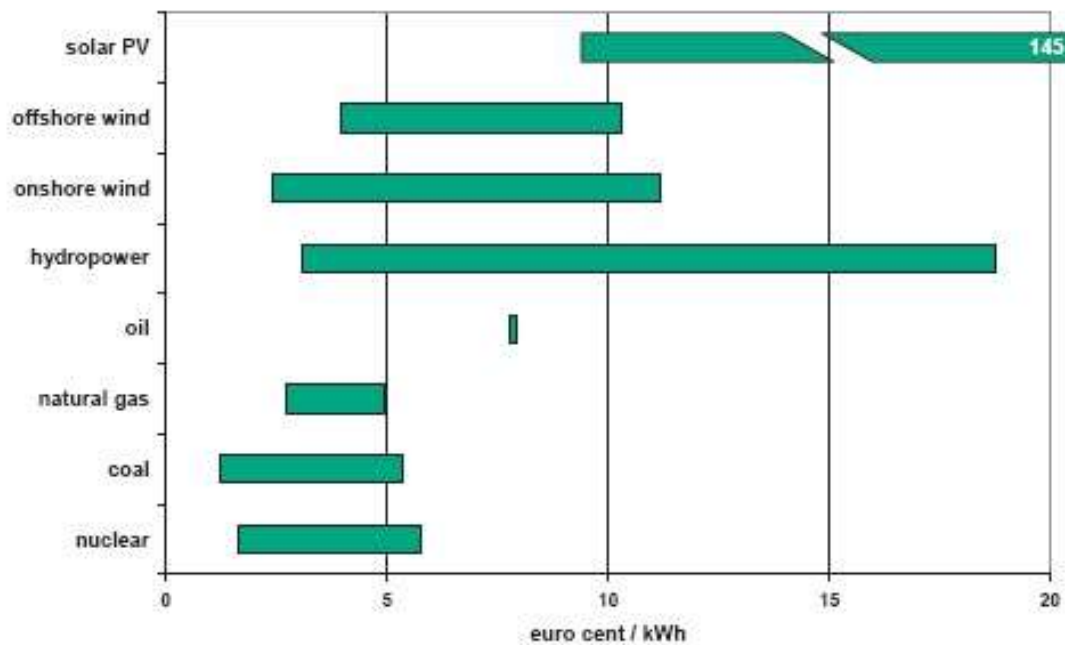

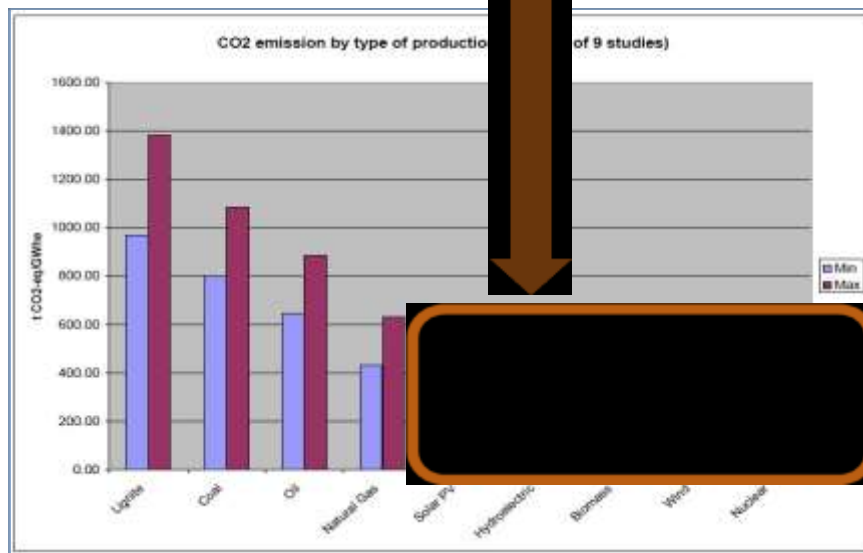

FIG. A-3. The ranges of levelized costs associated with new construction as estimated in seven recent studies for electricity generating technologies in different countries (PV: photovoltaic),
